Dear Postal commissioners:

I am concerned about the actions taken so far, and proposals made by your Postmaster General, Mr. DeJoy.

Everything he has so far done has been to undermine and try and destroy the US Postal Service (USPS). The USPO has been part of the bedrock of this nation to serve all of the citizens of this great country, and has NEVER been meant to be a profitable, money making operation. It is painfully obvious that Mr. DeJoy's goals include privatizing the service by reducing the services that the USPO has faithfully carried out over the last 2+ centuries, and making it of less use to the citizenry with the goal in mind to then argue that 'privatization' would be a 'better' choice.....nothing could be further from the truth.

Mr. DeJoy is in opposition to the very principles upon which the service was founded and the needs of this country!

I am respectfully asking you to remove Mr. DeJoy forth-with before any more damage can be done to this vital part of our governmental services.

Thank you,

Christine T. Martinez
